Please note: VeeTel cannot guarantee any speeds. Due to Factors out of our control the speed will differ due to the following aspects including: The number of equipment connected to your Wifi network, quality of hardware /software of your PC., any major works or maintenance by our wholesale supplier or NBN in which it may restrict your service. There may also be congestion on our wholesale supplier's network this means our wholesale supplier may not be able to provide the consistent speeds at all times of the day, Downloads from overseas sites. (Some International sites will have their own traffic management per site visitor to a specific download rate. This means slower download speed on the site may be experienced) and power outages as the NBN service is connected to a Power supply. The provided backup battery will work up to 4 hours.
